AMENDMENT UNDER 37 C.F.R. 1.115Asst. Commissioner of Patents and Trademarks
Washington, D.C. 20231

Sir:

The following is part of Applicants' response to the Office Action dated September 27, 2002. In the Office Action, the Oath/Declaration is deemed defective; the specification is objected to as relates to the use of trademarks; Claims 1-12 are rejected under 35 U.S.C. §112, second paragraph, and under the judicially created doctrine of double patenting; Claims 1-3 and 8-12 have been rejected under 35 U.S.C. §102(e); Claims 4-7 are rejected under 35 U.S.C. §103(a).

In a Response dated December 23, 2002, Applicants addressed the objection to the specification and all rejections of the claims advanced in the Office Action. However, Applicants had not yet obtained inventor Goldenberg's signature and therefore could not file a new oath/declaration. Provided herewith is a new oath/declaration which is in compliance with 37 CFR 1.67(a).
